ULTRATAPE ANNOUNCES CLEANROOM LABELS

SALEM, OREGON JULY 10, 2008: UltraTape Industries, a division of Delphon Industries and manufacturer of adhesive tapes for critical environments, announced today that it added cleanroom labels to its product line. UltraTape assures that the same strict cleanroom standards used to manufacture its existing tape products are used for its new line of labels.

Available in a variety of substrates and adhesive options, these labels are particle-free and residue-free and are appropriate for use within even the most critical environments. "This new offering is a perfect compliment to our current product line," says Keith Taft, General Manager. "We saw a need in the market for labels that meet the needs of cleanroom applications and we were able to address it with this new offering."
